

ANISH DAS

Full-Stack Web Developer

+91 7908147215 anishdas506@gmail.com www.linkedin.com/in/anish-das-73814a27a India

SUMMARY

I am a passionate full-stack web developer with a solid foundation in modern web technologies including React.js, Node.js, and Django. My focus on building scalable and user-friendly applications drives me to constantly improve my skills in backend logic, API integration, and database management. I am eager to contribute to real-world projects that challenge me and enrich my understanding of web development

EXPERIENCE

Web Developer

Personal Projects

Working on various web development projects showcasing skills in full-stack development

- Developed an intelligent Discord bot using Python with Google GEMINI API
- Built Jarvis, a ChatGPT clone using React.js, Tailwind CSS, Node.js, Express.js, and MongoDB
- Created an AI-powered note making application, Notes Maker AI, using React.js and Twilio
- Designed a frontend landing page clone of Netflix India using HTML, CSS, and JavaScript

EDUCATION

B-Tech (E.C.E)

Heritage Institute of Technology

10/2022 - 06/2026 Kolkata

STRENGTHS

Analytical Thinking

Strong analytical skills and attention to detail, effective in problem-solving and project execution

Team Collaboration

Ability to work in teams and adapt to new challenges while learning quickly

KEY ACHIEVEMENTS

Web Development Projects

Successfully developed complex projects that integrate cutting-edge technologies and APIs, advancing my skills in full-stack development

SKILLS

API Design	Bootstrap	CSS	Git
GitHub	HTML	Java(DSA)	JavaScript
MongoDB	Netlify	Postman	Python
React	REST	Tailwind	Twilio
RESTful API	Node.js	Express.js	

PROJECTS

Discord Bot

An intelligent Discord bot that utilizes AI technologies for efficient user interaction

- Utilized Google GEMINI API to create a Discord bot integrated with AI functionalities

Jarvis

Jarvis is a ChatGPT clone that provides users with conversational AI capabilities

- Designed Jarvis, leveraging the capabilities of various modern web technologies
- Integrated multiple API functionalities to enhance user experience

Notes Maker AI

Notes Maker AI provides context-aware note-taking features to enhance productivity

- Engineered an AI-powered note-making platform with comprehensive context analysis
- Optimized user interface for better accessibility and usability

Netflix Clone

A simple yet effective landing page clone of Netflix India showcasing frontend skills

- Recreated the landing page of Netflix India using foundational web technologies
- Implemented responsive design principles to ensure adaptability across devices
